

Join Magellan—Help Marylanders lead healthy, vibrant lives

As you may be aware, the Maryland Department of Health (MDH) is expected to release a request for proposals (RFP) in the coming weeks. The purpose of the RFP will be to select an Administrative Services Organization to provide MDH with administrative support services to operate the Maryland Public Behavioral Health System (PBHS). Magellan intends to bid on Maryland's RFP when it is issued.

Providers who collaborate with us can expect to receive ongoing training and administrative support. What is more, our network providers' insights help shape our efforts to meet the complex needs of the members we serve.
